Group 2 (mantis, Mcnicholas, Papachristou) > Group 1 (laeder, Li, Malis) > Malis, Katherine (Kmalis) > Home > Group 5 (panagopoulos, Rawa, Roumanis) > Roumanis, Eleni (Erouma) > Mantis, Nikolaos (Mantiscy)

For expanding the previous paper i plan to get into more detail about analyzing the fact that people need to try and make the effort to fit in. This was not a major point in paper2 but i believe it is something that occurs more often that the case of an immigrant being an outsider. Also, i plan to get into more depth on differentiating between outcast and outsider. This is because the society treats each category totally different.
